CLUB**

RIDE WITH PRIDE

ABOUT US

AMS Equestrian Club (AMSEC) commenced its operations on the 15th of August, 2016 and we provide equestrian facilities for riders and horses alike.

One of the many facilities we provide includes the Arena, which measures 60 metres by 20 meters, the perfect size for you to train to be the next best rider.

The Arena is covered to protect you and your horse from the scorching sun or the pouring rains of the Malaysian climate. As they say "The show must go on!" ... unless a storm is coming.

Do you want to ride in the open? Sure! We have the paddock (uncovered of course) for you to ride and practise your riding skills.

Leisurely rides are needed sometimes. The track circling the arena has got you covered for that.

Riding within fences can be a little boring sometimes. Accompanied by our personnel, you can go on outrides on routes we've prepared for you to be one with nature.

We also have 13 spacious stables for the comfort of our horses. They need their space too, you know? Two of them even have their own air-conditioners. Lucky them!

Speaking of riding, worry not! The Club provides you with certified coaches to help you learn to take your first steps into horseback riding and trained personnel that are always happy to help you with your equestrian needs.

Safety is our top priority and we want the best for the best. For our riders, we provide helmets and vests for your peace of mind. You can even get your very own riding equipment at our Front Office.

Come and ride with us at AMS Equestrian Club.

RM 20 / person
1 lap

ACTIVITIES

In-house Competitions

Confidence is key.

We organise competitions internally to help boost confidence in riding casually and competitively.

During the competitions, we have them do dressage tests and jumping.

ACTIVITIES

Other Competitions

Go big or go home!

In order to elevate our riders to world-class standards, we participate in various horse shows and competitions.

Being a part of our journey to be the best brings much experience to learn from and improve.

ACTIVITIES

Maahad Tahfiz Teh Samat

Horse riding is a sunnah of the Prophet Muhammad s.a.w.

We, together with Maahad Tahfiz Teh Samat, provide this opportunity as part of the students' co-curricular activities.

The sport trains the mental, emotional, and physical aspects of the rider. It will also help build confidence and a sense of responsibility through the process.

ACTIVITIES

Social Programs

Horses are magnificent animals that provides therapeutic benefits to anyone interacting with them.

Thus, we work with organisations and schools to arrange outdoor learning programs which helps adults and children alike.

ACTIVITIES

Photoshoots

Photographs allows us to step into the past which are, sometimes, hard to recall.

We would gladly assist you to commemorate your occasions and making them memorable with our equine experience.

OUR HORSES AWAIT YOU!
